NUMBER 118

DRASTIC ACTION TO GET COAL MINES RUNNING IS LOOKED FOR THIS WEEK

MORE LEGAL ACTION BY PALMER IS EXPECTED TO BE THE STEP TAKEN

ATTORNEY GENERAL IS SAID TO HAVE EVIDENCE ON WHICH TO BASE CRIMINAL SUIT AGAINST LEADERS

CABINET MEETS AGAIN TOMORROW

WASHINGTON, Nov. 28—An abrupt end came late yesterday to all attempts to settle the nation-wide coal strike by peaceful agreement.

Miners and operators spent a bleak Thanksgiving afternoon in embittered debate over the government proposal of a 14 per cent wage increase, made last night by Fuel Administrator Garfield, rejected it and every other proposal that was forthcoming and then dissolved, sine die.

Participants went home and where the break left coal strike conditions, no one of them, miner or operator would say. Likewise in official quarters, there was silence.

Fuel Administrator Garfield was informed of the result but had nothing to say for publication.

Officials looked for further steps by the government, but there was considerable doubt as to what these would be.

Acting President John L. Lewis of the United Mine Workers of America, though refusing to say one word as to the strike itself, which, theoretically, was called off in obedience to a Federal Court injunction, holding it a violation of the Lever act for wartime food and fuel control, scored the government roundly at the conclusion of the conference. So did William Green, secretary of the mine workers.

WASHINGTON, Nov. 28—Drastic action to get the coal mines running is expected here by the end of this week. With the west in the grip of a blizzard which appears to be sweeping eastward coal operators and representatives of the miners broke up the joint conference here late yesterday unable to agree on the wage increase. The conference adjourned sine die.

Government officials today hastily arranged conferences. Attorney General Palmer hurried back to Washington expecting to hold a conference with Garfield.

President Wilson's cabinet meets tomorrow. The coal situation will be the first question to be taken up it is expected. What action the government will decide upon is unknown. Federal operation of the mines is one possibility although this is considered unlikely.

The government, it is explained, will experience the same difficulty in getting the men back to work as did the operators. More legal action by Palmer, it is believed, would get the men back to work in larger numbers.

Palmer has evidence on which to base criminal suits against several leaders in the miners' union.

WASHINGTON, Nov. 28—Announcement of the next move of the government in the coal strike crisis may be delayed until tomorrow or perhaps Tuesday. Fuel Administrator Garfield today said they were busy getting the government plan into shape following the breaking up late yesterday of the joint conference of miners and operators and refusal of the miners to accept a wage increase of 14 per cent, as worked out by Garfield. Garfield refused to give any indication as to what action the government will take. "Production of basic necessities will be protected by the government," Garfield declared.

It seemed likely today that the government will first endeavor to get as many men as possible back to work at the mines and assure them protection through the distribution of troops.

HUNTERS' LICENSES STILL POPULAR

The largest army of hunters ever legally qualified to pursue the why buck are properly equipped, so far as licenses are concerned, to hunt in Clearfield county this year.

When the hunting season opened last year, the State Game Commissioner had supplied County Treasurer Kline with 7500 licenses for hunters. Based on last year's figures this seemed sufficient to supply the need, as but 7200 were issued in 1918.

Some few weeks ago Mr. Kline asked for 1000 additional licenses and these were promptly supplied. On a day in cash is allowed for boarding Friday the \$500 licenses were issued. But there are no pri- and since that time applications have continued to come in at the rate of twenty five or thirty per day, and by a paying proposition.

the time the deer season arrives on Monday next, it is expected that the total will have reached 8700.

WOMAN JAILOR WANTS MORE BOARDERS

FREDERICK, Okla., Nov. 27—"The jail business is on the bum," is the opinion of Mrs. L. C. Hadaway, jailor of Tillman county, and the only woman jailor in the state.

Mrs. Hadaway said she is going to quit the job unless more prisoners arrive "toot sweet."

AUTOISTS SHOULD ORDER LICENSES FOR 1920 AT ONCE

HARRISBURG, November 28—Benjamin G. Eynon, registrar of motor vehicles for the State Highway department, today announced that the shipment of license tags for motor vehicles for 1920 will begin on or before December 15. He urged that automobile owners make haste in filing their applications for registration.

"We estimate that by January 1, 1920, we will have licensed 200,000 passenger cars, 30,000 commercial cars, and 300,000 drivers and operators," said Mr. Eynon today. "We do not at this time believe that it will be necessary for any extension of time to the motorists of Pennsylvania because of failure of this department to deliver 1920 license tags. The motorists themselves will aid us in our work if they will make as early an application for registration as is possible. The new form of application is much more complete than that heretofore used. It will require that car owners have an intimate knowledge of their machines. It will be well, therefore, that motorists secure an application as soon as possible so that no time may be lost in filling out the blank."

Notary Fees Greater

Applicants for registration of motor vehicles will find that when they appear before notaries public, the notary will charge 5c for each affidavit required on the application for registration instead of 25c as heretofore. If the application for registration also desires an owners license to operate a vehicle, two affidavits are necessary. As told, the fee charged by the notary will be 50c for each affidavit. This charge is provided for in the act of assembly approved by the governor July 10, 1919, wherein all notarial fees are increased.

New Tags of Blue

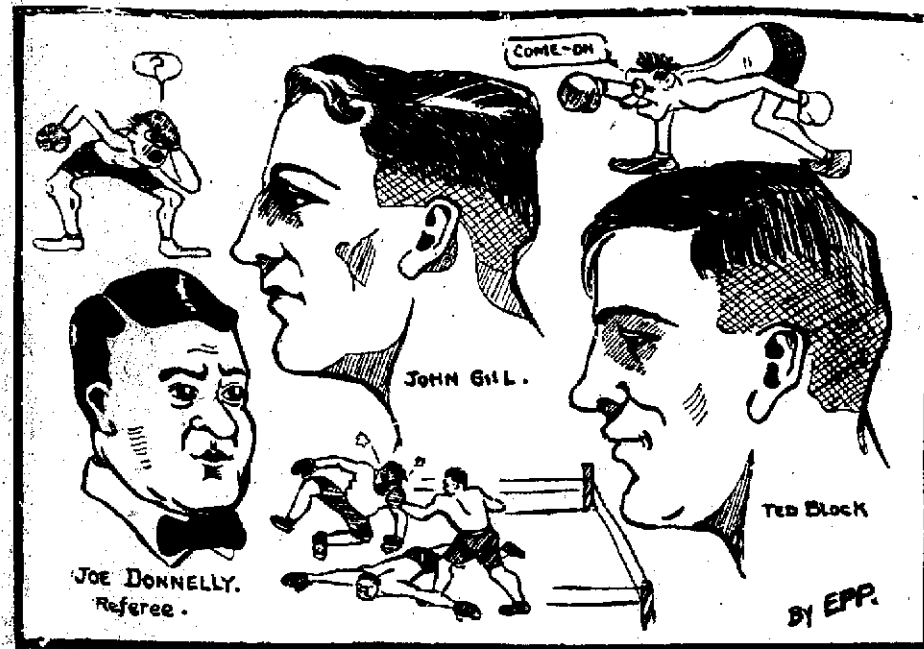

The license tags for 1920 are blue, with white numerals. A hyphen is used to divide the numeral into thousands. The key-stone hitherto borne on license tags has been done away with. Below the numeral will be found the inscription, "Penna. 1920"

Some People Never Get Tired. Marjorie has been asking me daily how much longer she would have to wait before she could go to school. When asking her why she was so anxious, she said, "I'm so tired mother, of being ignorant."—Chicago Tribune.

Principals In Boxing Bout Yesterday by "Epp"

GOOD EVENING!

Smile please. Yes, we are late again. Sorry but it cannot be helped and we cannot even promise to do better. We could put out a paper on time but it would not contain all the news and so we are going to do it right and give you all the news. Somehow we cannot keep up. Perhaps it is because the treaty was not ratified and peace doth not yet reign on earth. At any rate take it from us, we are doing our best to give you a real newspaper even if it is late.

THE PROGRESS

NEW NOTE DEMANDING DETAILS WILL BE SENT TO MEXICAN GOVERNMENT

WASHINGTON, Nov. 28—A new note demanding details of the charges against Wm. O. Jenkins, American consular agent held in prison at Puebla, will be sent to the Mexican government today, it was announced by the State department. The State Department will demand the evidence on which the Mexican government bases its charges. In reply to the first American note which demanded immediate release Mexico charged Jenkins with falsifying a statement. The State Department will obtain all the evidence possessed by the Mexican government with regard to this new charge and will make a thorough investigation before making its final decision and reply to Mexico. It will be several days, it was said, before the final decision of the United States will be sent to Mexico.

WASHINGTON, Nov. 28—Carranza's refusal to liberalize American Consular Agent Wm. O. Jenkins, probably will be laid before President Wilson's cabinet before a reply is sent by the United States it was stated at the State Department. Unless confidential information from American agents below the border is received the United States government will request specific information of the charges against Jenkins.

The text of Carranza's reply will be made public today. It was received here yesterday and rushed to the home of Secretary Lansing.

It developed today that the State Department would advise Jenkins not to secure his freedom on bail. The giving of bail, the government contends, would be a confession of guilt. All the information regarding charges this government has received is that Jenkins is accused of collusion with bandits. The Mexican embassy here has issued several statements declaring that Jenkins was also guilty of collusion in 1914. It was said these statements were given out before America learned the nature of Carranza's reply.

RAILMEN REJECT HINES OFFER

CLEVELAND, Nov. 28—The conference of general chairmen of the four railroad brotherhoods adjourned today without accepting the over-time offer to workers in the slow freight service made to them by Director General Hines. The chairmen voted to send a special delegate to Hines in quest for more information. It was argued by a large number of officials that Hines' offer, as it stands, in reality means loss to the men affected since acceptance of the over-time payment plan would wipe out all arbitrary and special allowances included in the present working agreement.

MRS. TOM THUMB DEAD

Middleboro, Mass., Nov. 28—Mrs. in 1883, the little woman, who had Tom Thumb, who with her first husband, a fortune, married Countess General Tom Thumb, attaine Magni, another midget. Mrs. Thumb, fame as midgets in the Barnum circus, died here today at the age of 77. After the death of Tom Thumb, she lived in a small house in Middleboro, Mass.

BALTIMORE HAS ANOTHER SERIOUS CONFLAGRATION

BALTIMORE, Nov. 28—The most disastrous fire in Baltimore since 1904 broke out in McCrory's Hall at Johns Hopkins University last night. The fire spread rapidly. Harvard, Ross, Monument and Euter streets had been swept by the fire. High winds sent the flames westward. Roofs and awnings on big department stores nearby were burned. A rough estimate placed the loss at one million dollars. Among the many important buildings were McCrory's Hall, the old physiological laboratory, Leving Hall and the chemical laboratory. An explosion first attracted the attention of students. The building had been used last summer by an attaché of Franklin arsenal. Those in charge of the building declared there were no chemicals in the building.

HOW THE JAPS NAME THEIR CHILDREN

In Japan an odd system prevails in regard to the name of boys. The child receives his first name when he is just a month old. Then three little characters are written on three slips of paper and thrown into the air. In the temple where prayers are addressed to the family deity. That which falls to the ground bears the name of the child until he is three years old. Then he receives a new name. At fifteen the Japanese boy receives another name in honor of his going of age. His name is changed again on the occasion of his marriage and on any advance in position. Even mortal illness does not aid this confusing state of affairs, for when death comes a name is given him by which presumably he is to be known in the spirit world.

ONE DAY'S INCOME

In order to meet the imperative needs of the various boards of the United Brethren church the denomination is calling for a Thanksgiving self-denial offering equivalent to one day's income to be made on Sunday, November 30.

This is one feature of the United Brethren Movement of this denomination. This movement is designed to mobilize the United Brethren forces to help meet the present world needs. It will cooperate with the Interchurch World Movement.

The thirty-five hundred United Brethren churches are now in the midst of an educational campaign, which is resulting in the enlistment of intercessors, life-work recruits for the ministry and missionary work, and tithing stewards. The colleges of the United Brethren church are full to overflowing.

Mandeville's Giraffe.

Sir John Mandeville, in his "Travels," gives this description of a giraffe, which he calls "Girafaunt" or "Ora-fier": "A beast spotted, and that is a little more high than a camel, but he has a neck twenty cubits long, and a head as big as a great high house."

FINE THANKSGIVING SERVICE HELD AT LUTH. RAN CHURCH

The union Thanksgiving service at the Lutheran church yesterday morning was both beautiful and impressive and attracted an audience of worshippers which crowded every inch of space in the huge auditorium.

Rev. John C. Collins, of the 11th Street Methodist Episcopal church, preached an exceptionally able sermon, and the services throughout were inspiring.

Rev. Dr. E. C. Reeve, of the Presbyterian church offered the first prayer. The second was made by Rev. C. C. Shively of the West Side Methodist church. Dr. W. W. Hartman, of Trinity Methodist read the President's proclamation, which Rev. John P. McCurdy read the scripture lesson.

The pastor Rev. C. W. Baker had charge of the program and was eminently the right man in the right place.

The opening anthem by the selected choir was exceptionally fine and Miss Amelia Kolbe sang a beautiful solo.

The "thank offering," which was given toward the support of the Childrens Home, amounted to \$65.00.

MRS. REBECCA CURTARA DEAD

Mrs. Rebecca Curtara, relict of the late Joseph Curtara, and a resident of Clearfield for the past half century, died at her home on Pine street Wednesday night last after an illness extending over a period of several months.

Mrs. Curtara was a fine Christian character enjoying the respect and esteem of a large circle of friends. Her every thought was of her home and she was idolized by her family, who have the heartfelt sympathy of the community in the loss of their loving and devoted mother.

Mrs. Curtara was a devout member of the Catholic church and her funeral will be held from St. Francis church Saturday morning at 9 o'clock. Interment in Calvary cemetery.

She is survived by three sons and four daughters, viz: Frank, Charles, John and Mrs. F. X. Shillan, of Clearfield; Mrs. K. A. Fleming, of Atlantic City; Mrs. John A. Malone, of Chicago, and Mrs. W. E. Murphy, of Philadelphia.

WINS PRIZES AT TYRONE POULTRY SHOW

Melvin Shenck, Clearfield's Leghorn king, spent yesterday in Tyrone where he visited the big poultry show in which he entered several of his Leghorns. The fact that his entrants were awarded blue ribbons and several cash prizes, shows that Mr. Shenck knows how to choose and raise good chickens. The Tyrone show, one of the biggest in Pennsylvania, having over one thousand of the best chickens in the state on exhibition. Mr. Shenck's Leghorns were greatly admired by the crowds visiting the show and his reputation as the champion chicken fancier in this section is further established by the fact that he has put Clearfield on the map of the poultry world.

STOCKS DECLINE

NEW YORK, Nov. 28—Sharp declines ranging from 1-2 to 16 points marked the opening of the stock market today. United States Steel opened at 193 1/4 off 3/4, American Locomotive 93 off 1, Central Leather at 95 off 1, United States Rubber at 41 1/2 off 3/4, General Motors at 240 off 16, Crucible at 202 off 7 3/4, and Baldwin at 107 off 2 7/8. The general trend downward was believed due to disappointing developments in the coal situation and the turn of Mexican affairs.

PLEASES LARGE AUDIENCE

The St. Francis Dramatic club gave a delightful entertainment at St. Francis Hall on Second street last evening. The program consisted of four one act plays and attracted a capacity audience. The young people displayed exceptional ability and were fully deserving of the praise accorded them for their fine acting. The program will be repeated this evening.

"Mother Ship" Hoax. Mother Ship was reported as a hoax, a hoax of the time of the Civil War. She was first heard from in 1841, when "The Prophecy of Mother Ship" was published anonymously in London. In 1862 Charles Lindley reported a life of Mother Ship, a life of Mother Ship, a life of Mother Ship. He added that he had seen the ship and would give the prophecy that the world would come to an end in 1841. In 1841, the ship was reported as a hoax.

THE ALTOONA GLASS CASKET CORPORATION
Walter J. Lumleau, Fiscal agent of the Altoona Glass Casket Corporation, met a number of interested Clearfielders in the Firemen's Hall on Market street last evening and explained at length the proposition advanced to possible investors in this new venture.

Burgess John M. Chase, who recently headed a delegation of local citizens which visited the plant of the corporation at Altoona last week, told of the substantial nature of the enterprise, and then Mr. Lumleau went into details regarding the personnel of the officers, directors and stockholders of the corporation and pointed out the great advantages and money-making possibilities in the manufacture of glass caskets.

Toytown Opening BOYS! GIRLS!

It's Open! Santa Makes His Headquarters Here

To see the array of things that you'll just love to have round your tree on Christmas morning that we are showing for dear Old Santa you'd think there wasn't another such place in the country.

We cannot tell you all about them here but have Dad or Mother bring you tomorrow to see what you want to have Santa bring you.

There's everything here that your heart desires. Simply a case of making your selections and getting Santa to bring them.

KURTZ STATIONERY STORE

THAT "STUFFED JURY" AGAIN

A sensation will be sprung in Clearfield when the Clearfield Republican will charge crookedness in filing the December jury list. The paper will assert that out of 24 grand jurors only two names were not stuffed and out of 48 traverse jurors, only six were legitimate.—From DuBois Express, Nov. 20, 1899.

After Thanksgiving Specials

This store abounds with many very attractive after-Thanksgiving priced merchandise. Chief among them are some

Why "U.S." Rubber Shoes save your feet

HOW often do your feet feel tired and sore at night—muscles aching, the skin burning and chafed, blisters starting?

Half the foot troubles of miners come from the wrong kind of shoes—shoes that don't really fit, that don't stretch and "give" as you walk, that are too weak and flabby to support the feet properly, that don't keep you dry.

At last there's a rubber shoe that's built right for miners. It's the U. S. Bootee. Get a pair of them before you start work tomorrow.

Shaped so as not to rub up and down

at the heel, plenty of room at the toes, the support of a leather shoe, yet absolutely water-tight—the U. S. Bootee is made especially for miners.

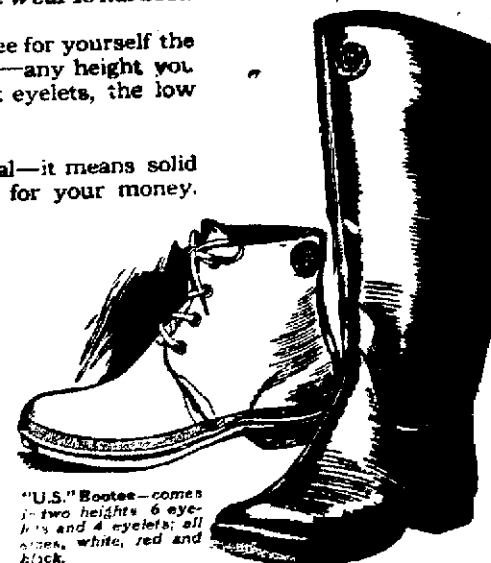

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong fabric at just those places where the wear is hardest.

Go to the store and see for yourself the U. S. Bootee for miners—any height you want, the high with six eyelets, the low with four.

Look for the U. S. seal—it means solid wear and long service for your money.

FOR FARMERS, TOO

Built especially to stand up under hard use in mines—the hardest possible kind of wear—the U. S. Bootee and the U. S. Boot are now being adopted by farmers everywhere who know the value of sturdy, comfortable rubber footwear.

"U.S." Bootee—comes in two heights, 6 eyelets and 4 eyelets; all sizes, white, red and black.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Miss Loraine Ferguson a daughter of Mr. and Mrs. E. W. Ferguson, of Lumber City, who has been in service for the past two years as an American Red Cross nurse, spent the week end with her cousin, Mrs. Earl McFadden, on Grampian Road.

Master Austin Bloom, a son of Mr. and Mrs. Ed. Bloom, fell from a table the other day and fractured a bone in the forearm.

A three year old son of Mr. and Mrs. Lawrence O'Brien, residing about one mile above town, died from appendicitis, after an illness of short duration.

The Union church service held in the Presbyterian church yesterday forenoon was quite well attended, the damp weather conditions preventing many from being present. The sermon was preached by Rev. Middle, pastor of the church, and was one that every male a female of adult age should have heard, he demonstrating many new ways in which the people could observe the day with greater thankfulness than what they do generally. The observance of this day was never intended for the playing of games, such as football, etc., nor of dancing, but one of prayer and thanksgiving to Him for the many blessings bestowed upon the world's people during the year past.

The game of football that was scheduled to come off on the home grounds yesterday afternoon, did not materialize, much to the disappointment of those who are interested in that sport. The game, on account of prospective bad weather, was cancelled at the last moment by the team that was to have come to Curwensville and give the Independents a general warming up. The town was free from any ordinary excitement, and the people generally spent their time quietly indoors. The only social event pulled off was a social dance in the Moose Hall during the evening.

Additional Personals

Sam Boyce, of Erie, spent Thanksgiving with his mother Mrs. Sarah Boyce on Turnpike avenue.

Dud Powell is home from Kiskadee college, Saltsburg, spending his vacation here.

Leo Spence and Ernest Hartland, of St. Marys, are spending the weekend with friends here.

Miss Vera Hoover is visiting with friends and relatives in St. Benedict. Miss Mary Liveright is home from Columbia University spending her vacation with her parents Mr. and Mrs. A. M. Liveright.

Miss Hannah Barton, of Templeton is the guest of Mrs. Foster Kerr, on Ogden avenue.

Miss Catherine Leavy of Altoona is the guest of Mrs. Abe Mirkin on Second street.

Robert Kennard is home from Tyrone, spending a few days with his parents here. He has as his guest Oscar Dutton of Tyrone.

Mrs. Martha James is the guest of relatives in Philipsburg.

George Weaver is home from State College, spending his vacation with his mother Mrs. Paul Weaver.

James Timms, who has been visiting his sister Mrs. J. C. McFarlane, returned to his home at Marsteller.

Work Once Deemed Curse.

USE MARSHALL'S BEST FLOUR "NO OTHER LIKE IT"

Miss Individuality!

You can't lose me. Here I am again.

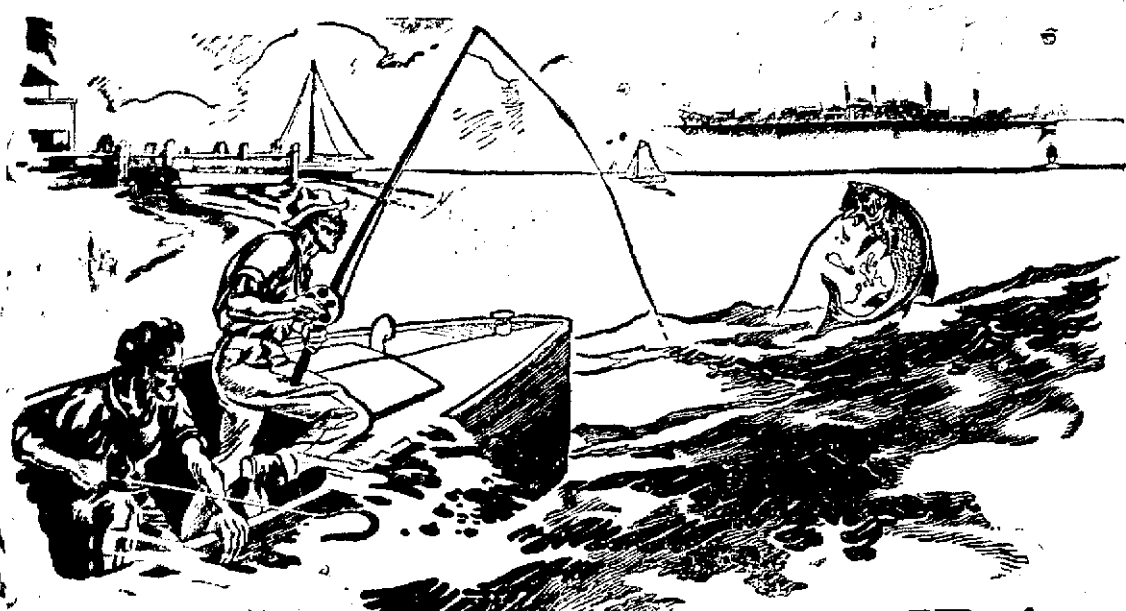

I can't stop to talk very long this morning. I've got to get a train-load of MARSHALL'S BEST Flour started on its way.

You see, my big mill at Marshall, Minn., is not only right in the heart of the great Northwestern Hard Spring Wheat District, but it's in the center of a magnificent system of transportation lines. This saves on cost of transportation, and enables us to put still bigger value into every sack of MARSHALL'S BEST Flour.

This explains, also, why we can fill orders for MARSHALL'S BEST Flour so promptly.

Try a sack of MARSHALL'S BEST. You'll like it.

GILL AND BLOCK FIGHT FURIOUSLY; "DRAW" APPEARS POPULAR VERDICT

The athletic show at Detroit Theatre yesterday afternoon was attended by some five or six hundred dyed-in-the-wool boxing fans of Clearfield and vicinity. That the show was worth while and gave everybody a real run for their money was the unanimous verdict of all.

The premier bout was between Johnny Gill, of York, and Ted Block, of Detroit, Michigan, and it was said by old ring followers, to have been

fellow with a succession of swings and jabs to the face and head. He brought the claret from Block's mouth and banged him almost at will around the ring. The crowd was upon its feet looking for a "farewell" but the sturdy Block managed to last the session through although it seemed of that bell was sweet music to his ears.

Gill was peeved with his failure to cop the bacon and showed the effects

"Epp Catches Gill Landing in the Fifth Round

the fastest middleweight boxing contest ever witnessed in these parts. It was action and then more action from start to finish.

Gill is the sturdy young southern champion, who, under the management of "Old Reliable" Joe Barrett, of Steelton, Pa., has been topping over aspirants for the middleweight championship crown like ten pins, with a record of two knockouts within the past week. Block holds the middleweight championship of the state of Michigan, but this was his first appearance in Central Pennsylvania, and his first bout in the past five months. Block appeared under the management of A. A. DeLozier, of Altoona.

The bout was of ten rounds duration and it was sure ten rounds of fast, furious action. Block started right after Gill from the opening bell and rushed him to the ropes three or four times in the opener, but the lad from York had a fashion of timing a right hook from the time of contact with the ropes, and getting advantage of the spring back, would rock the big fellow's head when the blow landed. Gill appeared to be the more expert boxer, and despite Block's rushes landed a number of good blows. It appeared to be impossible for the westerner to land on Jimmy's face or jaw and he directed most of his efforts to his body.

Near the finish of the fourth round Gill increased his speed and took charge of the offensive. He landed left and right to the face and head several times in succession and appeared to have the session pretty well in hand.

He rushed to the center at the start of the fifth and smothered the

of his extra effort to put Block out in the succeeding round. Round seven found Johnny going "great guns" again, but the Michigan man changed his tactics and began to clinch and hang on to his elusive opponent. The referee was forced to break the men apart several times and cautioned Block against his holding tactics. Block recuperated rapidly and finished strong. He held his own in the eighth and gave better or at least as much as he got in the ninth and tenth rounds, landing his hardest and most effective blows of the contest in these rounds.

Both boys were on their feet and finished strong, therefore, in our judgment, a drawn battle should prove to be the popular verdict, although Gill had a little shade on the other fellow in the milling, and had been able to put a little more steam behind his wallop, might have made a different story possible.

The semi-windup between young Henderson of Clearfield, and Bud Alexander, of Altoona, was another hair raiser. The colored lad had a great deal more ring experience and was much the better boxer of the two, but the local lad made up for his inexperience with a healthy wallop in either hand and an excess of about 25 pounds in weight.

The boys went eight rounds and gave a very classy exhibition. Alexander used a long left jab with telling effect on Henderson's face and landed him up some, while "Henny" landed a number of man-sized wallops on the shifty colored boy. Alexander is a good clean scrapper, and

They are most lovable and something to eat. National Biscuits always begin our children's hour with its tasty feast.

The Taste of Heads of Wm. J. Moxley, States:

"We use only Moxley's 'Dixie' Margarine on our tables in our homes. We do not ask the public to use anything that we do not think is good enough for ourselves."

The food of the land is surely the most important and how wonderful and delicious Dixie Margarine is, is a fact known to all who have used it. It is a fact known to all who have used it.

You can get a pleasant sensation from a travel through this great land of Dixie. Not only does every thing look good, but it smells good. A little cleanses her ten times over, but here every thing is cleansed with the purest of cleansers, trucks.

walls and floors, yes, even the clothes the workmen wear—are scalded into purity every day.

So that when Dixie Margarine finally rests in its long trays in the great cooling rooms, it is as sweet to the nose and as tasty to the tongue as any butter you ever ate.

Try it and you will buy it as long as you live.

Here is a picture of one of our great banks of pasteurizers* by which Moxley's Dixie is made absolutely pure.

Notifies Druggists OF BIG DEMAND FOR MU-COL

Says "Just as soon as the people in this vicinity discover that MU-COL has such decisive action in severe Catarrhal condition of Nose and Throat, Tonsillitis, Sore Throat, and to prevent Grippe and Pneumonia, they will insist on having it and will not accept anything else. Such up to date action don't disappoint your customers."

MU-COL IS GUARANTEED TO CURE

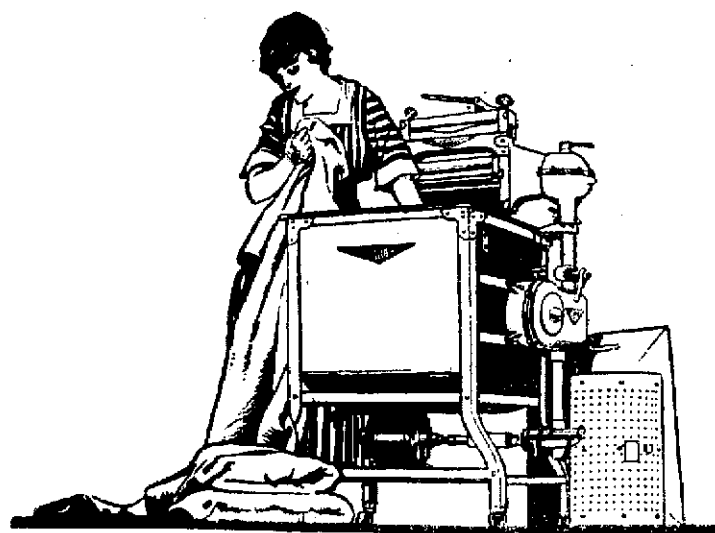

We want all druggists to know that MU-COL is the wonderful medicine that has helped many a sufferer from Catarrh of the Nose and Throat, Tonsillitis, Sore Throat, and to prevent Grippe and Pneumonia, they will insist on having it and will not accept anything else. Such up to date action don't disappoint your customers."

They urged its use for inflammatory skin diseases—Eczema, Psoriasis, Pityriasis, Hives, Boils and Abscesses, and found that it never disappointed them—MU-COL was great. That was twenty years ago. Today, after thousands of doctors, dentists and nurses have prescribed, used and recommended it we want you, Mr. Druggist, to tell your customers about MU-COL. Tell them to use it as the doctors did.

Go your order in today—your job is to get it, and remember that people who use MU-COL once are never without it forever afterwards.

Remember also that in selling MU-COL to your customers you are doing it to do just what we say it will do and it doesn't give your customer any money back and we will make

Sincerely yours,
THE MU-COL COMPANY,
Buffalo, N. Y.

Before the day of washing machines hand work was necessary wash-board rubbing was back-breaking, but it had to be done. Now with such a sturdy machine available as a Gainaday Washer and Wringer, the housewife's strength can be saved for the "better things" of life. And saving your strength now is a wise measure of economy—as thousands of American mothers will testify.

Will Not be One Day Without PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

Tablet or Liquid. Sold Everywhere.

Why Not Try A Little "Want Ad"

To the Citizens of This Town

You carry great responsibilities. In your hands are placed the lives of our children. If a fire should start in any schoolhouse two things may happen.

The building may be burned to the ground, and you know the building itself and its equipment could not be replaced today at many times the price it cost.

But that is unimportant compared to the possibility of a panic and loss of life among the children.

Every school building should be equipped with Pyrene Fire Extinguishers, and the use of Pyrene Fire Extinguishers should be taught in every school fire drill.

A Pyrene Fire Extinguisher will put out any small fire before it can gain headway. It is so light and simple that any woman or young child can use it. With a Pyrene fire can be put out before there is a chance for a panic.

Let us show you how many Pyrene Fire Extinguishers should be in each schoolhouse in this district.

Pyrene should be in every home also.

Just What You Need Dr. Carter's K. & B. Tea

For a Few Cents You Can Serve Health-Building Tea Every Other Night for Two Weeks.

The safest way to free the bowels from poisonous accumulation, loosen a sluggish liver, make the stomach digest properly and cause the blood to be always fresh is to take Dr. Carter's K. & B. Tea every other night. Take it till our bowels are in perfect condition, till your eyes sparkle with health and your skin grows pale and healthy.

It's an old-fashioned vegetable, only that you brew right in your home, and while you're getting your blood and better health, don't forget that there is nothing you can give to cross, fretful child that will do.

Try Workman Brand "Toaster" Best breakfast you ever tasted.

FREE! RAILROAD FARE FREE!

If you want to investigate this wonderful stock offer, here is your opportunity. We will pay your entire expenses from Clearfield to Altoona and return. There are no conditions to this offer other than you must be at least eighteen years of age, and call at our office in Altoona within ten days from the date of this paper to visit our new plant. Kindly notify us by mail, phone or telegraph the day you will arrive. Arrangements can be made to take care of any number of people.

NO MAN NEED BE POOR

If he will investigate opportunities when presented to him and invest a few dollars when his judgment tells him, they are good; yet most Men and Women, too, ARE poor all their lives. WHY? Because they can not recognize OPPORTUNITY before it has become an established success; because they never get in on the ground floor. Here is an opportunity being presented to you and the investigation will cost you absolutely nothing.

THE GLASS CASKET CORPORATION

FACTORY AT ALTOONA, PA.

OFFERS COMMON STOCK AT \$15.00 PER SHARE

The Corporation is being financed entirely by public subscription.

It's authorized capital is \$1,000,000, but only a sufficient amount of stock is being marketed to complete the plant and furnish working capital. Balance of the stock will be held in the treasury and can be cancelled later by a vote of the stockholders.

Only Common stock is being issued. No Preferred Stock! No Bonds! That means that every stockholder shares in every dollar the Corporation earns.

EASY TERMS

Stock can be bought on terms of half cash and balance 30 to 90 days, secured by your personal note without interest.

You can invest \$15 or as much more as you please, subject only to the rule that not more than 5 per cent. will be sold to one party.

The money you invest will be used to finance the organization and to equip and operate the Corporation's plant.

The Corporation's plant in South Altoona occupies 6 acres of land and is nearing completion.

It will specialize in the manufacture of Glass Burial Caskets under patents that give it exclusive rights in eleven great Eastern States.

It will also manufacture a number of the heavier glass articles which other plants are not equipped to turn out in quantity.

If R. E. Olds Had Offered YOU Reo Motor Stock

Ten Years Ago Would YOU Have Bought?

Suppose that R. E. Olds, of the Reo Motor Company had said to you, a little less than a dozen years ago, "I need some additional capital to boost my business—come in and buy one thousand dollars worth of our Treasury Stock and I will pay you an average profit of 503 per cent. a year on your money for the next eleven years."

Would you have thought him crazy? Would you have kept a strangle hold on that one thousand dollars and REFUSED TO LISTEN to the advice of one of the great geniuses of the marvelous automobile industry? Well—you would have been WRONG—if you had passed that golden opportunity. You would have missed one of the best industrial stock investments ever offered. For R. E. Olds' dream came true and the fact remains that the Reo Motor Company has actually paid dividends averaging 503 per cent. a year for the past eleven years.

We do not offer Glass Casket stock with the expectation that it will pay as great a dividend but we do believe that money invested in The Glass Casket Corporation will yield a handsome return. We have sound basis for this belief in the fact that glass caskets will have a tremendous market; it is a product that will appeal to rich and poor alike. Trade markets for this article are not affected by strikes, hard times, panics or any abnormal conditions. The profits to be derived from the manufacture of glass caskets will be greater than the profits made from the manufacture of any other substantial product on the American market. A VISIT TO OUR OFFICES AND FACTORY WILL CONVINCE YOU.

How Much Can You Make?

This is one of the first questions careful investors ask. With us, it is necessarily a matter of estimates, but these figures will help you:

In the states controlled by the Corporation, approximately 500,000 deaths occur annually. Assume we sell 5 per cent. of this business—a very low estimate. That would mean 25,000 caskets sold annually.

Assume that we make a net profit of only \$10 on each casket—again a very low estimate. That would mean \$250,000 annual profits or 25 PER CENT. on the total authorized capitalization of \$1,000,000.

In addition, the Corporation expects to earn a substantial profit on the manufacture of articles other than caskets.

Our Factory Near Completion

Four main buildings of steel and brick construction are entirely erected. The great glass furnace itself is at this date entirely finished at a cost of \$40,000. An annealing oven is completed. The mold and large press for the production of a six foot casket are ready for delivery. When the work is finally finished, Altoona will have one of the most modern glass plants in America, equipped to manufacture a variety of heavy glass articles, but principally GLASS CASKETS.

A visit to our plant will be well worth your time. It is located at Altoona—at Thirty seventh and Beale Avenues. We cordially invite all who may be interested, to inspect this factory—and if you will notify us we will be glad to take you there and extend every courtesy.

MEN YOU CAN TRUST HEAD THE GLASS CASKET CORPORATION

The officers and directors of our corporation are men of known integrity and ability. They are well known to the banks and business men of Altoona, and enjoy enviable reputations in their own communities.

Large Caskets On Display

Commercial size caskets are on display at our office. Call and see them. They will convince you beyond a question of doubt that glass caskets will absolutely take the place of all metallic, bronze, steel or concrete burial cases, for the reason that they will be air-tight, water-tight and vermin-proof. They will be lighter in weight and far less expensive—and everybody knows that glass will last for ages, while steel or concrete will rust and corrode with time.

Glass caskets will be sold in competition with the better grade of wooden caskets. They are far more beautiful, more sanitary and entirely practical in every way. The weight of a six foot glass casket will be less than 300 pounds, which is approximately the same weight as an oak burial case of the same size.

Pages could be written on the merits of glass caskets—but a short visit to our office will convince you that here is YOUR opportunity for a good investment.

A Few Hundred Dollars Invested Now May Mean Independence for You

Fortunes Have Been Made by Forsighted Investors in New Enterprises

They "got in on the ground floor" while others looked on and feared the outcome

It is almost impossible to trace the enormous profits received on the dollar of the original investor in the following inventions. Here are a few of the available figures that are reliable as far as we are able to ascertain:

\$100 invested in Toledo Glass (Owens Bottle) earned	\$ 19,000
\$100 invested in Burroughs Adding Machine earned	43,349
\$100 invested in Weisbach Mante earned	50,999
\$100 invested in National Cash Register earned	42,870
\$50 invested in Mergenthaler Linotype earned	125,000
\$100 invested in Bell Telephone earned	201,000
\$100 invested in American Radiator earned	43,000
\$100 invested in Janney Coupler earned	18,630
\$100 invested in Westinghouse Air Brake earned	47,856
\$100 invested in Duplex Rubber Tire returned	50,000
\$100 invested in Underwood Typewriter earned	38,300
\$100 invested in Eastman Kodak earned	60,000
\$100 invested in DeLong Hook and Eye earned	10,000
\$100 invested in Reo earned	36,000
\$100 invested in Overland earned	20,000
\$100 invested in Ford earned	250,000
\$500 invested in Postum Cereal earned	50,000
\$500 invested in Cream of Wheat earned	30,399
\$500 invested in American Sugar Refining earned	110,000
\$500 invested in Horlick's Malted Milk earned	140,000

MAIL THIS TODAY

had a shade on his opponent.

In the preliminaries young Eddie and Flannigan, Hillsdale boys, put on a good bout and furnished a lot of fun for the crowd.

Cole and Gearhart, West Side kids, also gave a four round exhibition. Cole was too much for his opponent but the latter had lots of sand.

Young Dempsey and Kid Willard and the Buffington Brothers, four midgets from Harrisburg, put up two four round bouts and made a hit with the audience.

Joe Donnelly, of Pittsburgh, added greatly to the success of the occasion by his admirable handling of the program as referee. He is an expert, and Manager McGowan is to be congratulated upon securing him to referee these bouts.

Referee Donnelly announced that

Johnny Wolgast, of Lancaster, would fight on 10 o'clock at the Driggs Theatre, on the afternoon of New Year's Day.

"Epp," the Progress cartoonist, was at the ringside and presents herewith his impressions of the principal figures in the main bout.

DRASTIC ACTION TO GET COAL MINES RUNNING IS LOOKED FOR THIS WEEK

MORE LEGAL ACTION BY PALMER IS EXPECTED TO BE THE STEP TAKEN

ATTORNEY GENERAL IS SAID TO HAVE EVIDENCE ON WHICH TO BASE CRIMINAL SUIT AGAINST LEADERS

CABINET MEETS AGAIN TOMORROW

WASHINGTON, Nov. 28—An abrupt end came late yesterday to all attempts to settle the nation-wide coal strike by peaceful agreement.

Miners and operators spent a bleak Thanksgiving afternoon in embittered debate over the government proposal of a 14 per cent wage increase, made last night by Fuel Administrator Garfield, rejected it and every other proposal that was forthcoming and then dissolved, sine die.

Participants went home and where the break left coal strike conditions, no one of them, miner or operator would say. Likewise in official quarters, there was silence.

Fuel Administrator Garfield was informed of the result but had nothing to say for publication.

Officials looked for further steps by the government, but there was considerable doubt as to what these would be.

Acting President John L. Lewis of the United Mine Workers of America, though refusing to say one word as to the strike itself, which, theoretically, was called off in obedience to a Federal Court injunction, holding it a violation of the Lever act for wartime food and fuel control, scored the government roundly at the conclusion of the conference. So did William Green, secretary of the mine workers.

WASHINGTON, Nov. 28—Drastic action to get the coal mines running is expected here by the end of this week. With the west in the grip of a blizzard which appears to be sweeping eastward coal operators and representatives of the miners broke up the joint conference here late yesterday unable to agree on the wage increase. The conference adjourned sine die.

Government officials today hastily arranged conferences. Attorney General Palmer hurried back to Washington expecting to hold a conference with Garfield.

President Wilson's cabinet meets tomorrow. The coal situation will be the first question to be taken up it is expected. What action the government will decide upon is unknown. Federal operation of the mines is one possibility although this is considered unlikely.

The government, it is explained, will experience the same difficulty in getting the men back to work as did the operators. More legal action by Palmer, it is believed, would get the men back to work in larger numbers.

Palmer has evidence on which to base criminal suits against several leaders in the miners' union.

WASHINGTON, Nov. 28—Announcement of the next move of the government in the coal strike crisis may be delayed until tomorrow or perhaps Tuesday. Fuel Administrator Garfield today said they were busy getting the government plan into shape following the breaking up late yesterday of the joint conference of miners and operators and refusal of the miners to accept a wage increase of 14 per cent, as worked out by Garfield. Garfield refused to give any indication as to what action the government will take. "Production of basic necessities will be protected by the government," Garfield declared.

It seemed likely today that the government will first endeavor to get as many men as possible back to work at the mines and assure them protection through the distribution of troops.

HUNTERS' LICENSES STILL POPULAR

The largest army of hunters ever legally qualified to pursue the why buck are properly equipped, so far as licenses are concerned, to hunt in Clearfield county this year.

When the hunting season opened last year, the State Game Commissioner had supplied County Treasurer Kline with 7500 licenses for hunters. Based on last year's figures this seemed sufficient to supply the need, as but 7200 were issued in 1918.

Some few weeks ago Mr. Kline the jail has been the home for heretofore for 1000 additional licenses and self and children. Seventy-five cents, these were promptly supplied. On a day in cash is allowed for boarding Friday the \$500 licenses were issued the prisoners. But there are no prisoners since that time applications have covered. Of at least they are not in continued to come in at the rate of sufficient numbers to make the jail twenty-five or thirty per day, and by a paying proposition.

the time the deer season arrives on Monday next, it is expected that the total will have reached 8700.

WOMAN JAILOR WANTS MORE BOARDERS

FREDERICK, Okla., Nov. 27—"The jail business is on the bum," is the opinion of Mrs. L. C. Hadaway, jailor of Tillman county, and the only woman jailor in the state.

Mrs. Hadaway said she is going to quit the job unless more prisoners arrive "toot sweet."

AUTOISTS SHOULD ORDER LICENSES FOR 1920 AT ONCE

HARRISBURG, November 28—Benjamin G. Eynon, registrar of motor vehicles for the State Highway department, today announced that the shipment of license tags for motor vehicles for 1920 will begin on or before December 15. He urged that automobile owners make haste in filing their applications for registration.

"We estimate that by January 1, 1920, we will have licensed 200,000 passenger cars, 30,000 commercial cars, and 300,000 drivers and operators," said Mr. Eynon today. "We do not at this time believe that it will be necessary for any extension of time to the motorists of Pennsylvania because of failure of this department to deliver 1920 license tags. The motorists themselves will aid us in our work if they will make as early an application for registration as is possible. The new form of application is much more complete than that heretofore used. It will require that car owners have an intimate knowledge of their machines. It will be well, therefore, that motorists secure an application as soon as possible so that no time may be lost in filling out the blank."

Notary Fees Greater

Applicants for registration of motor vehicles will find that when they appear before notaries public, the notary will charge 5c for each affidavit required on the application for registration instead of 25c as heretofore. If the application for registration also desires an owners license to operate a vehicle, two affidavits are necessary. As told, the fee charged by the notary will be 50c for each affidavit. This charge is provided for in the act of assembly approved by the governor July 10, 1919, wherein all notarial fees are increased.

New Tags of Blue

The license tags for 1920 are blue, with white numerals. A hyphen is used to divide the numeral into thousands. The key-stone hitherto borne on license tags has been done away with. Below the numeral will be found the inscription, "Penna. 1920"

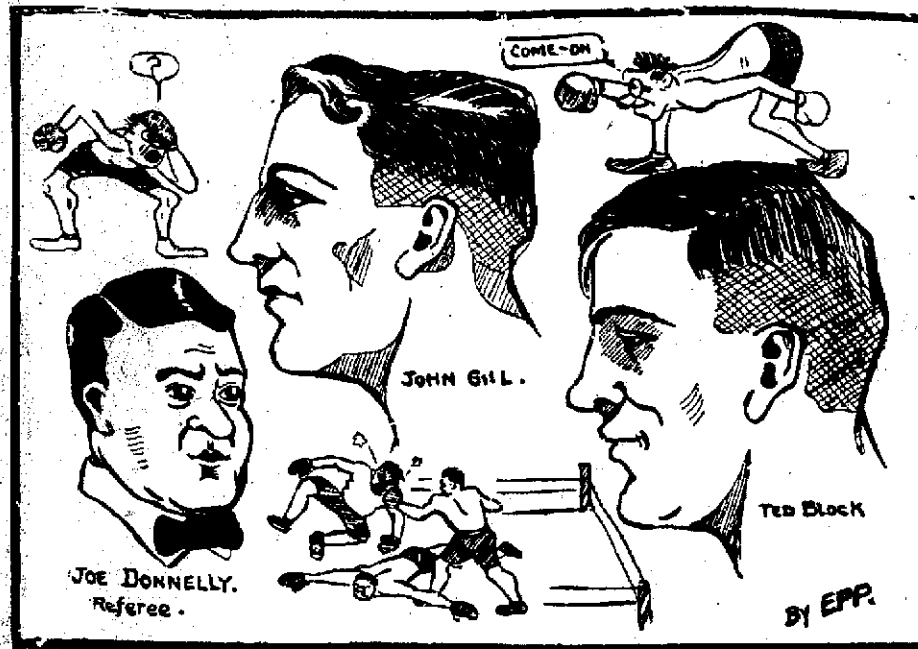

Some People Never Get Tired.

Marjorie has been asking me daily how much longer she would have to wait before she could go to school. When asking her why she was so anxious, she said, "I'm so tired mother, of being ignorant."—Chicago Tribune.

GOOD EVENING!

Smile please. Yes, we are late again. Sorry but it cannot be helped and we cannot even promise to do better. We could put out a paper on time but it would not contain all the news and so we are going to do it right and give you all the news. Somehow we cannot keep up. Perhaps it is because the treaty was not ratified and peace doth not yet reign on earth. At any rate take it from us, we are doing our best to give you a real newspaper even if it is late.

THE PROGRESS

NEW NOTE DEMANDING DETAILS WILL BE SENT TO MEXICAN GOVERNMENT

WASHINGTON, Nov. 28—A new note demanding details of the charges against Wm. O. Jenkins, American consular agent held in prison at Puebla, will be sent to the Mexican government today, it was announced by the State department. The State Department will demand the evidence on which the Mexican government bases its charges. In reply to the first American note which demanded immediate release Mexico charged Jenkins with falsifying a statement. The State Department will obtain all the evidence possessed by the Mexican government with regard to this new charge and will make a thorough investigation before making its final decision and reply to Mexico. It will be several days, it was said, before the final decision of the United States will be sent to Mexico.

WASHINGTON, Nov. 28—Carranza's refusal to liberalize American Consular Agent Wm. O. Jenkins, probably will be laid before President Wilson's cabinet before a reply is sent by the United States it was stated at the State Department. Unless confidential information from American agents below the border is received the United States government will request specific information of the charges against Jenkins.

The text of Carranza's reply will be made public today. It was received here yesterday and rushed to the home of Secretary Lansing.

It developed today that the State Department would advise Jenkins not to secure his freedom on bail. The giving of bail, the government contends, would be a confession of guilt. All the information regarding charges this government has received is that Jenkins is accused of collusion with bandits. The Mexican embassy here has issued several statements declaring that Jenkins was also guilty of collusion in 1914. It was said these statements were given out before America learned the nature of Carranza's reply.

RAILMEN REJECT HINES OFFER

CLEVELAND, Nov. 28—The conference of general chairmen of the four railroad brotherhoods adjourned today without accepting the over-time offer to workers in the slow freight service made to them by Director General Hines. The chairmen voted to send a special delegate to Hines in quest for more information. It was argued by a large number of officials that Hines' offer, as it stands, in reality means loss to the men affected since acceptance of the over-time payment plan would wipe out all arbitrary and special allowances included in the present working agreement.

MRS. TOM THUMB DEAD

Middleboro, Mass., Nov. 28—Mrs. in 1883, the little woman, who had Tom Thumb, who with her first husband, a fortune, married Countess General Tom Thumb, attaine Magni, another midget. Mrs. Thumb, fame as midgets in the Barnum circus, died here today at the age of 77. After the death of Tom Thumb, she lived in a small house in the town of Middleboro.

BALTIMORE HAS ANOTHER SERIOUS CONFLAGRATION

BALTIMORE, Nov. 28—The most disastrous fire in Baltimore since 1904 broke out in McCrory's Hall at Johns Hopkins University last night. The fire spread rapidly. Harvard, Ross, Monument and Euter streets had been swept by the fire. High winds sent the flames westward. Roofs and awnings on big department stores nearby were burned. A rough estimate placed the loss at one million dollars. Among the many important buildings were McCrory's Hall, the old physiological laboratory, Leving Hall and the chemical laboratory. An explosion first attracted the attention of students. The building had been used last summer by an attaché of Franklin arsenal. Those in charge of the building declared there were no chemicals in the building.

HOW THE JAPS NAME THEIR CHILDREN

In Japan an odd system prevails in regard to the name of boys. The child receives his first name when he is just a month old. Then three little characters are written on three slips of paper and thrown into the air. In the temple while prayers are addressed to the family deity. That which falls to the ground bears the name the child is called until he is three years old. Then he receives a new name. At fifteen the Japanese boy receives another name in honor of his going of age. His name is changed again on the occasion of his marriage and on any advance in position. Even mortal illness does not aid this confusing state of affairs, for when death comes a name is given him by which presumably he is to be known in the spirit world.

ONE DAY'S INCOME

In order to meet the imperative needs of the various boards of the United Brethren church the denomination is calling for a Thanksgiving self-denial offering equivalent to one day's income to be made on Sunday, November 30.

This is one feature of the United Brethren Movement of this denomination. This movement is designed to mobilize the United Brethren forces to help meet the present world needs. It will cooperate with the Interchurch World Movement.

The thirty-five hundred United Brethren churches are now in the midst of an educational campaign, which is resulting in the enlistment of intercessors, life-work recruits for the ministry and missionary work, and tithing stewards. The colleges of the United Brethren church are full to overflowing.

Mandeville's Giraffe.

Sir John Mandeville, in his "Travels," gives this description of a giraffe, which he calls "Girafauntz" or "Ora-fieft": "A beast spotted, and that is a little more high than a camel, but he has a neck twenty cubits long, and a head as big as a great high house."

FINE THANKSGIVING SERVICE HELD AT LUTHERAN CHURCH

The union Thanksgiving service at the Lutheran church yesterday morning was both beautiful and impressive and attracted an audience of worshippers which crowded every inch of space in the huge auditorium. Rev. John C. Collins, of the 11th Street Methodist Episcopal church, preached an exceptionally able sermon, and the services throughout were inspiring.

Rev. Dr. E. C. Reeve, of the Presbyterian church offered the first prayer. The second was made by Rev. C. C. Shavely of the West Side Methodist church. Dr. W. W. Hartman, of Trinity Methodist read the President's proclamation, which Rev. John P. McCurdy read the scripture lesson.

The pastor Rev. C. W. Baker had charge of the program and was eminently the right man in the right place.

The opening anthem by the selected choir was exceptionally fine and Miss Amelia Kolbe sang a beautiful solo.

The "thank offering," which was given toward the support of the Childrens Home, amounted to \$65.00.

MRS. REBECCA CURTARA DEAD

Mrs. Rebecca Curtara, relict of the late Joseph Curtara, and a resident of Clearfield for the past half century, died at her home on Pine street Wednesday night last after an illness extending over a period of several months.

Mrs. Curtara was a fine Christian character enjoying the respect and esteem of a large circle of friends. Her every thought was of her home and she was idolized by her family, who have the heartfelt sympathy of the community in the loss of their loving and devoted mother.

Mrs. Curtara was a devout member of the Catholic church and her funeral will be held from St. Francis church Saturday morning at 9 o'clock. Interment in Calvary cemetery.

She is survived by three sons and four daughters, viz: Frank, Charles, John and Mrs. F. X. Shilian, of Clearfield; Mrs. K. A. Fleming, of Atlantic City; Mrs. John A. Malone, of Chicago, and Mrs. W. E. Murphy, of Philadelphia.

WINS PRIZES AT TYRONE POULTRY SHOW

Melvin Shenck, Clearfield's Leghorn king, spent yesterday in Tyrone where he visited the big poultry show in which he entered several of his Leghorns. The fact that his entrants were awarded blue ribbons and several cash prizes, shows that Mr. Shenck knows how to choose and raise good chickens. The Tyrone show, one of the biggest in Pennsylvania, having over one thousand of the best chickens in the state on exhibition. Mr. Shenck's Leghorns were greatly admired by the crowds visiting the show and his reputation as the champion chicken fancier in this section is further established by the fact that he has put Clearfield on the map of the poultry world.

STOCKS DECLINE

NEW YORK, Nov. 28—Sharp declines ranging from 1-2 to 16 points marked the opening of the stock market today. United States Steel opened at 193 1/4 off 3/4, American Locomotive 93 off 1, Central Leather at 95 off 1, United States Rubber at 41 1/2 off 3/4, General Motors at 240 off 16, Crucible at 202 off 7 3/4, and Baldwin at 107 off 2 7/8. The general trend downward was believed due to disappointing developments in the coal situation and the turn of Mexican affairs.

PLEASES LARGE AUDIENCE

The St. Francis Dramatic club gave a delightful entertainment at St. Francis Hall on Second street last evening. The program consisted of four one act plays and attracted a capacity audience. The young people displayed exceptional ability and were fully deserving of the praise accorded them for their fine acting. The program will be repeated this evening.

FOUND

FOUND—Stray rabbit dog. Owners can have same by paying for this ad. Phone 141 Woodland. N27-17c

"Mother Ship" Hoax. Mother Ship was reported an English ship of the time of Henry VIII. She was first heard from in 1841, when "The Prophecy of Mother Ship" was published anonymously in London. In 1862 Charles Lindley reported a sighting of Mother Ship in the Atlantic. He added that he observed it in 1862 and would not believe the prophecy that it would come to an end in 1911. In 1911, Lindley's prophecy was fulfilled.

THE ALTOONA GLASS CASKET CORPORATION
Walter J. Lumleau, Fiscal agent of the Altoona Glass Casket Corporation, met a number of interested Clearfielders in the Firemen's Hall on Market street last evening and explained at length the proposition advanced to possible investors in this new venture.

Burgess John M. Chase, who recently headed a delegation of local citizens which visited the plant of the corporation at Altoona last week, told of the substantial nature of the enterprise, and then Mr. Lumleau went into details regarding the personnel of the officers, directors and stockholders of the corporation and pointed out the great advantages and money-making possibilities in the manufacture of glass caskets.

Toytown Opening— BOYS! GIRLS!

It's Open! Santa Makes His Headquarters Here

To see the array of things that you'll just love to have round your tree on Christmas morning that we are showing for dear Old Santa you'd think there wasn't another such place in the country.

We cannot tell you all about them here but have Dad or Mother bring you tomorrow to see what you want to have Santa bring you.

There's everything here that your heart desires. Simply a case of making your selections and getting Santa to bring them.

KURTZ STATIONERY STORE

THAT "STUFFED JURY" AGAIN

A sensation will be sprung in Clearfield when the Clearfield Republican will charge crookedness in filing the December jury list. The paper will assert that out of 24 grand jurors only two names were not stuffed and out of 48 traverse jurors, only six were legitimate.—From DuBois Express, Nov. 20, 1899.

After Thanksgiving Specials

This store abounds with many very attractive after-Thanksgiving priced merchandise. Chief among them are some

Velour Coats For Juniors

These coats were a very fortunate bit of buying and we pass the good fortune along to you. Big, warm collars, belted in some cases, the season's snappiest of models.

\$11.75

Stylish Coatees

These are something wonderful! Warm, stylish and of a standard of workmanship that places them in a class far above the ordinary. Only a few of them here but variety is wide.

\$29.75 to \$2.25

LADIES PAZAAR

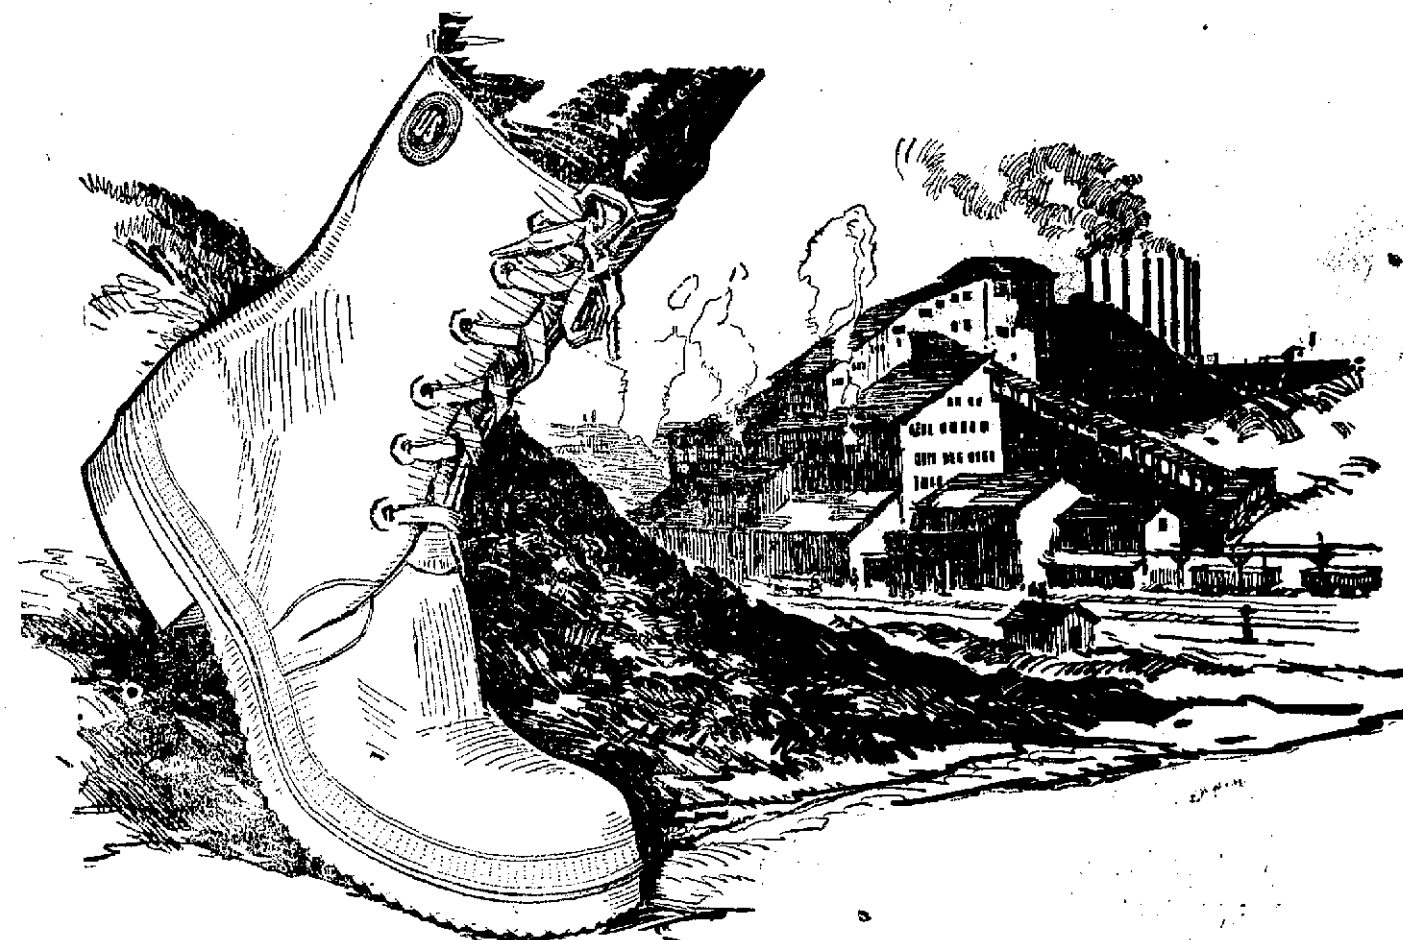

The "Exide" Smile goes with "Exide" Starting & Lighting Battery Service

It is always a pleasure to serve you. It makes no difference whether you wish your battery inspected—which we are always glad to do free of charge—or whether your battery needs repairing, for which our charges are always reasonable—or whether you wish a new battery—in which case we will furnish you an "Exide."

"Exide" Service is prompt, reliable and courteous. Remember, "there's an Exide" battery for every car.

Clearfield Auto Supply

Why "U.S." Rubber Shoes save your feet

HOW often do your feet feel tired and sore at night—muscles aching, the skin burning and chafed, blisters starting?

Half the foot troubles of miners come from the wrong kind of shoes—shoes that don't really fit, that don't stretch and "give" as you walk, that are too weak and flabby to support the feet properly, that don't keep you dry.

At last there's a rubber shoe that's built right for miners. It's the U. S. Bootee. Get a pair of them before you start work tomorrow.

Shaped so as not to rub up and down

at the heel, plenty of room at the toes, the support of a leather shoe, yet absolutely water-tight—the U. S. Bootee is made especially for miners.

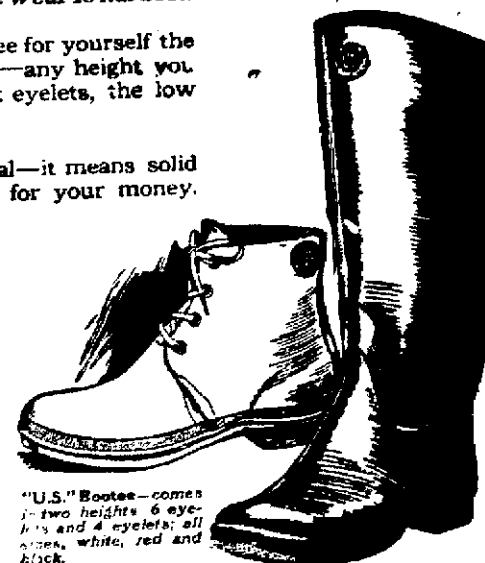

And they're made right, too—every pair backed up with extra thicknesses of pure rubber and good strong fabric at just those places where the wear is hardest.

Go to the store and see for yourself the U. S. Bootee for miners—any height you want, the high with six eyelets, the low with four.

Look for the U. S. seal—it means solid wear and long service for your money.

FOR FARMERS, TOO

Built especially to stand up under hard use in mines—the hardest possible kind of wear—the U. S. Bootee and the U. S. Boot are now being adopted by farmers everywhere who know the value of sturdy, comfortable rubber footwear.

"U.S." Bootee—comes in two heights, 6 eyelets and 4 eyelets; all sizes, white, red and black.

Ask for "U.S." RUBBER FOOTWEAR

NEWS OF OUR NEIGHBORS CURWENSVILLE

Miss Loraine Ferguson a daughter of Mr. and Mrs. E. W. Ferguson, of Lumber City, who has been in service for the past two years as an American Red Cross nurse, spent the week end with her cousin, Mrs. Earl McFadden, on Grampian Road.

Master Austin Bloom, a son of Mr. and Mrs. Ed. Bloom, fell from a table the other day and fractured a bone in the forearm.

A three year old son of Mr. and Mrs. Lawrence O'Brien, residing about one mile above town, died from appendicitis, after an illness of short duration.

The Union church service held in the Presbyterian church yesterday forenoon was quite well attended, the damp weather conditions preventing many from being present. The sermon was preached by Rev. Middle, pastor of the church, and was one that every male a female of adult age should have heard, he demonstrating many new ways in which the people could observe the day with greater thankfulness than what they do generally. The observance of this day was never intended for the playing of games, such as football, etc., nor of dancing, but one of prayer and thanksgiving to Him for the many blessings bestowed upon the world's people during the year past.

The game of football that was scheduled to come off on the home grounds yesterday afternoon, did not materialize, much to the disappointment of those who are interested in that sport. The game, on account of prospective bad weather, was cancelled at the last moment by the team that was to have come to Curwensville and give the Independents a general warming up. The town was free from any ordinary excitement, and the people generally spent their time quietly indoors. The only social event pulled off was a social dance in the Moose Hall during the evening.

Additional Personals

Sam Boyce, of Erie, spent Thanksgiving with his mother Mrs. Sarah Boyce on Turnpike avenue.

Dud Powell is home from Kiskadee college, Saltsburg, spending his vacation here.

Leo Spence and Ernest Hartland, of St. Marys, are spending the weekend with friends here.

Miss Vera Hoover is visiting with friends and relatives in St. Benedict. Miss Mary Liveright is home from Columbia University spending her vacation with her parents Mr. and Mrs. A. M. Liveright.

Miss Hannah Barton, of Templeton is the guest of Mrs. Foster Kerr, on Ogden avenue.

Miss Catherine Leavy of Altoona is the guest of Mrs. Abe Mirkin on Second street.

Robert Kennard is home from Tyrone, spending a few days with his parents here. He has as his guest Oscar Dutton of Tyrone.

Mrs. Martha James is the guest of relatives in Philipsburg.

George Weaver is home from State College, spending his vacation with his mother Mrs. Paul Weaver.

James Timms, who has been visiting his sister Mrs. J. C. McFarlane, returned to his home at Marsteller.

Work Once Deemed Curse.

A few hundred years ago men deemed labor to be a curse laid upon them for "disobedience" in old Adam's time. Now we know that labor is our greatest blessing.

Will Not be One Day Without PE-RU-NA

This Lady TELLS Her FRIENDS

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., is just one of the many thousands of ladies throughout the country who, after an agony of years, have at last found health, strength and vigor in PE-RU-NA.

Her own words tell of her suffering and recovery better than we can do it: "I suffered with my stomach, had awful cramps and headaches so I often could not lay on a pillow. Saw your book, tried PE-RU-NA and got good results from the first bottle. To be sure of a cure I took twelve bottles. I have recommended PE-RU-NA to my friends and all are well pleased with results. I will not be one day without PE-RU-NA. Have not had a doctor since I started with PE-RU-NA, which was about fifteen years ago. I am now sixty-three years old, hale, hearty and well. Can do as much work as my daughters. I feel strong and healthy and weigh near two hundred pounds. Before, I weighed as little as one hundred. I hope lots of people use PE-RU-NA and get the results I did." An experience like that of Mrs. Fricke is an inspiration to every sick and suffering woman.

If you have catarrh, whether it be of the nose, throat, stomach, bowels, or other organs, PE-RU-NA is the remedy. It is not new; it is not an experiment. PE-RU-NA has been tried. PE-RU-NA has been used by thousands who once were sick and are now well. To prevent coughs, colds, grip and influenza and to hasten recovery there is nothing better.

PE-RU-NA will improve the appetite and digestion, purify the blood, soothe the irritated mucous linings, eradicate the waste material and corruption from the system. It will tone up the nerves, give you health, strength, vigor and the joy of living. Do what Mrs. Mary Fricke and thousands more have done—try PE-RU-NA. You will be glad, happy, thankful.

Tablet or Liquid. Sold Everywhere.

Why Not Try A Little "Want Ad"

To the Citizens of This Town

You carry great responsibilities. In your hands are placed the lives of our children. If a fire should start in any schoolhouse two things may happen.

The building may be burned to the ground, and you know the building itself and its equipment could not be replaced today at many times the price it cost.

But that is unimportant compared to the possibility of a panic and loss of life among the children.

Every school building should be equipped with Pyrene Fire Extinguishers, and the use of Pyrene Fire Extinguishers should be taught in every school fire drill.

A Pyrene Fire Extinguisher will put out any small fire before it can gain headway. It is so light and simple that any woman or young child can use it. With a Pyrene fire can be put out before there is a chance for a panic.

Let us show you how many Pyrene Fire Extinguishers should be in each schoolhouse in this district.

Pyrene should be in every home also.

Just What You Need Dr. Carter's K. & B. Tea

For a Few Cents You Can Serve It
Health-Building Tea Every Other
Night for Two Weeks.

The safest way to free the bowels from poisonous accumulation, loosen a sluggish liver, make the stomach digest properly and cause the blood to be always fresh is to take Dr. Carter's K. & B. Tea every other night. Take it till our bowels are in perfect condition, till your eyes sparkle with health and your skin grows pale and healthy.

It's an old-fashioned vegetable, only that you brew right in your home, and while you're getting your blood and better health, don't forget that there is nothing you can give to cross, fretful child that will do.

Try Workman Brand "Toaster" Best breakfast you ever tasted.

FREE! RAILROAD FARE FREE!

If you want to investigate this wonderful stock offer, here is your opportunity. We will pay your entire expenses from Clearfield to Altoona and return. There are no conditions to this offer other than you must be at least eighteen years of age, and call at our office in Altoona within ten days from the date of this paper to visit our new plant. Kindly notify us by mail, phone or telegraph the day you will arrive. Arrangements can be made to take care of any number of people.

NO MAN NEED BE POOR

If he will investigate opportunities when presented to him and invest a few dollars when his judgment tells him, they are good; yet most Men and Women, too, ARE poor all their lives. WHY? Because they can not recognize OPPORTUNITY before it has become an established success; because they never get in on the ground floor. Here is an opportunity being presented to you and the investigation will cost you absolutely nothing.

THE GLASS CASKET CORPORATION

FACTORY AT ALTOONA, PA.

OFFERS COMMON STOCK AT \$15.00 PER SHARE

The Corporation is being financed entirely by public subscription.

It's authorized capital is \$1,000,000, but only a sufficient amount of stock is being marketed to complete the plant and furnish working capital. Balance of the stock will be held in the treasury and can be cancelled later by a vote of the stockholders.

Only Common stock is being issued. No Preferred Stock! No Bonds! That means that every stockholder shares in every dollar the Corporation earns.

EASY TERMS

Stock can be bought on terms of half cash and balance 30 to 90 days, secured by your personal note without interest.

You can invest \$15 or as much more as you please, subject only to the rule that not more than 5 per cent. will be sold to one party.

The money you invest will be used to finance the organization and to equip and operate the Corporation's plant.

The Corporation's plant in South Altoona occupies 6 acres of land and is nearing completion.

It will specialize in the manufacture of Glass Burial Caskets under patents that give it exclusive rights in eleven great Eastern States.

It will also manufacture a number of the heavier glass articles which other plants are not equipped to turn out in quantity.

If R. E. Olds Had Offered YOU Reo Motor Stock

Ten Years Ago Would YOU Have Bought?

Suppose that R. E. Olds, of the Reo Motor Company had said to you, a little less than a dozen years ago, "I need some additional capital to boost my business—come in and buy one thousand dollars worth of our Treasury Stock and I will pay you an average profit of 503 per cent. a year on your money for the next eleven years."

Would you have thought him crazy? Would you have kept a strangle hold on that one thousand dollars and REFUSED TO LISTEN to the advice of one of the great geniuses of the marvelous automobile industry? Well—you would have been WRONG—if you had passed that golden opportunity. You would have missed one of the best industrial stock investments ever offered. For R. E. Olds' dream came true and the fact remains that the Reo Motor Company has actually paid dividends averaging 503 per cent. a year for the past eleven years.

We do not offer Glass Casket stock with the expectation that it will pay as great a dividend but we do believe that money invested in The Glass Casket Corporation will yield a handsome return. We have sound basis for this belief in the fact that glass caskets will have a tremendous market; it is a product that will appeal to rich and poor alike. Trade markets for this article are not affected by strikes, hard times, panics or any abnormal conditions. The profits to be derived from the manufacture of glass caskets will be greater than the profits made from the manufacture of any other substantial product on the American market. A VISIT TO OUR OFFICES AND FACTORY WILL CONVINCE YOU.

How Much Can You Make?

This is one of the first questions careful investors ask. With us, it is necessarily a matter of estimates, but these figures will help you:

In the states controlled by the Corporation, approximately 500,000 deaths occur annually. Assume we sell 5 per cent. of this business—a very low estimate. That would mean 25,000 caskets sold annually.

Assume that we make a net profit of only \$10 on each casket—again a very low estimate. That would mean \$250,000 annual profits or 25 PER CENT. on the total authorized capitalization of \$1,000,000.

In addition, the Corporation expects to earn a substantial profit on the manufacture of articles other than caskets.

Our Factory Near Completion

Four main buildings of steel and brick construction are entirely erected. The great glass furnace itself is at this date entirely finished at a cost of \$40,000. An annealing oven is completed. The mold and large press for the production of a six foot casket are ready for delivery. When the work is finally finished, Altoona will have one of the most modern glass plants in America, equipped to manufacture a variety of heavy glass articles, but principally GLASS CASKETS.

A visit to our plant will be well worth your time. It is located at Altoona—at Thirty seventh and Beale Avenues. We cordially invite all who may be interested, to inspect this factory—and if you will notify us we will be glad to take you there and extend every courtesy.

MEN YOU CAN TRUST HEAD THE GLASS CASKET CORPORATION

The officers and directors of our corporation are men of known integrity and ability. They are well known to the banks and business men of Altoona, and enjoy enviable reputations in their own communities.

Large Caskets On Display

Commercial size caskets are on display at our office. Call and see them. They will convince you beyond a question of doubt that glass caskets will absolutely take the place of all metallic, bronze, steel or concrete burial cases, for the reason that they will be air-tight, water-tight and vermin-proof. They will be lighter in weight and far less expensive—and everybody knows that glass will last for ages, while steel or concrete will rust and corrode with time.

Glass caskets will be sold in competition with the better grade of wooden caskets. They are far more beautiful, more sanitary and entirely practical in every way. The weight of a six foot glass casket will be less than 300 pounds, which is approximately the same weight as an oak burial case of the same size.

Pages could be written on the merits of glass caskets—but a short visit to our office will convince you that here is YOUR opportunity for a good investment.

A Few Hundred Dollars Invested Now May Mean Independence for You

Fortunes Have Been Made by Forsighted Investors in New Enterprises

They "got in on the ground floor" while others looked on and feared the outcome

It is almost impossible to trace the enormous profits received on the dollar of the original investor in the following inventions. Here are a few of the available figures that are reliable as far as we are able to ascertain:

\$100 invested in Toledo Glass (Owens Bottle) earned	\$ 19,000
\$100 invested in Burroughs Adding Machine earned	43,349
\$100 invested in Weisbach Mante earned	50,999
\$100 invested in National Cash Register earned	42,870
\$50 invested in Mergenthaler Linotype earned	125,000
\$100 invested in Bell Telephone earned	201,000
\$100 invested in American Radiator earned	43,000
\$100 invested in Janney Coupler earned	18,630
\$100 invested in Westinghouse Air Brake earned	47,856
\$100 invested in Duplex Rubber Tire returned	50,000
\$100 invested in Underwood Typewriter earned	38,300
\$100 invested in Eastman Kodak earned	60,000
\$100 invested in DeLong Hook and Eye earned	10,000
\$100 invested in Reo earned	36,000
\$100 invested in Overland earned	20,000
\$100 invested in Ford earned	250,000
\$500 invested in Postum Cereal earned	50,000
\$500 invested in Cream of Wheat earned	30,399
\$500 invested in American Sugar Refining earned	110,000
\$500 invested in Horlick's Malted Milk earned	140,000

Gill And Jack Fight

(Continued from Page Five)

had a shade on his opponent.

In the preliminaries young Eddie and Flannigan, Hillsdale boys, put on a good bout and furnished a lot of fun for the crowd.

Cole and Gearhart, West Side kids, also gave a four round exhibition. Cole was too much for his opponent but the latter had lots of sand.

Young Dempsey and Kid Willard and the Buffington Brothers, four midgets from Harrisburg, put up two four round bouts and made a hit with the audience.

Joe Donnelly, of Pittsburgh, added greatly to the success of the occasion by his admirable handling of the program as referee. He is an expert, and Manager McGowan is to be congratulated upon securing him to referee these bouts.

Referee Donnelly announced that

Johnny Wolgast, of Lancaster, would fight on 10 o'clock at the Driggs Theatre, on the afternoon of New Year's Day.

"Epp," the Progress cartoonist, was at the ringside and presents herewith his impressions of the principal figures in the main bout.

A. W. LEONARDSON COMPANY

BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove ItDr. Edwards' Olive Tablets, the
substitute for calomel, act gently on the
bowels and positively do the work.
People afflicted with bad breath find
quick relief through taking them.Dr. Edwards' Olive Tablets are a
vegetable compound mixed with olive
oil. They act gently but firmly on the
bowels and liver, stimulating them to
natural action, clearing the blood, and
purifying the entire system. They do
that which calomel does, without any of
the bad after effects. Take one or two
every night for a week and note the
pleasing effect. 10c and 25c a box.Don't forget to come to the Work-
man's Bargain House when in Clear-
field.

When you are M-A-double-r-I-E-D-

This is a message to the young bride.

You will soon learn that the High Cost of Living
has taken the truth out of the old saying that "two
can live as cheaply as one."But there are ways to save money without skimp-
ing. The purchase of "PURITY" Margarine is one
of those ways.You save real money on every pound and the qual-
ity and flavor will surprise and delight you. Try it!

Your dealer has "PURITY" or will get it for you.
